

TABLE OF CONTENTS

INTRODUCTION	2
Making Choices	2
CHAPTER 1	10
For Saltwater Fish Only	10
Basic Equipment	11
SETTING UP FOR FISH ONLY	15
Step 1 - Placing Your Aquarium	15
Step 2 - Leveling Your Aquarium.....	16
Step 3 - Preparing The Aquarium.....	18
Step 4 - Adding Background	19
Step 5 - Adding Substrate.....	21
Step 6 - Adding Filtration.....	22
Step 7 - Attaching a Heater	24
Step 8 - Decorating Your Aquarium	25
Step 9 – Adding Water	29
Step 10 - Start the Filter	35
Step 11 - Plug in the Heater.....	37
Step 12 - Placing the Top and Light.....	40
Step 13 - The Final Step	42
CHAPTER 2	45
Get Started with Live Rock	45
Basic Equipment	47
Setting Up Your New Live Rock Aquarium	52
Step 1 - Placing Your Aquarium	52
Step 2 - Leveling Your Aquarium.....	53
Step 3 - Preparing The Aquarium.....	55
Step 4 - Adding Background	57

Step 5 - Adding Filtration.....	58
Step 6 - Install Protein Skimmer	61
Step 7 - Install a Power Strip.....	63
Step 8 - Adding Live Rock.....	63
Step 9 - Adding Substrate.....	76
Step 10 - The Heater & Powerhead.....	78
Step 11 – Adding Water	84
Step 12 - Starting The Equipment	88
Step 13 - Placing The Top and Light	95
Step 14 - The Final Step	97
Option – Add Artificial Decorations	98
CHAPTER 3	102
Water Quality	102
The Cycle.....	105
Using Purified Water	109
City and Well Water.....	109
Reverse Osmosis And Reverse Osmosis With Dionization	110
CHAPTER 4	113
Filters and Equipment	113
Hang-on Filters.....	113
Canister filters	116
Adding an Ultra Violet Sterilizer	118
Wet/Dry or Trickle Filters.....	119
Berlin Filters	125
Refugium	132
Refugium Styles	134
Protein Skimmers	139
How Does A Skimmer Work?.....	140

Choosing A Quality Protein Skimmer.....	143
Water Pumps	146
Internal Water Pumps.....	146
Advantages of Internal Water Pumps.....	148
External Water Pumps.....	149
Advantages Of External Water Pumps.....	150
Powerheads	154
<i>UV Sterilizers</i>	<i>157</i>
CHAPTER 5	165
Choosing Fish.....	165
CHAPTER 6	186
Feeding and Vitamins	186
.....	187
Frozen Foods	187
Dry Foods.....	188
Freeze Dried Foods	189
Algae Strips.....	189
Live Foods.....	192
Tips to Feeding Fish.....	193
Suggestions For Picky Eaters	195
Feeding Eels	195
Overfeeding.....	196
Vitamins and Trace Elements.....	196
Feeding While You Are On Vacation	198
CHAPTER 7	200
Setting Up a Saltwater Quarantine Tank.....	200
Benefits of a Quarantine Aquarium.....	200
Supplies And Equipment.....	201
Test Kits	201

8 Steps To Setting Up A Quarantine Tank.....	201
Decorating A Quarantine Aquarium	203
Sand or Gravel - Not Recommended For a Quarantine Aquarium.....	203
Biological Filtration	204
Adding New Fish.....	205
Vitamins	205
Medications	206
Watching Ammonia And Nitrite Levels	206
Specific Gravity And pH Tests	207
When To Move Quarantine Fish To The Display Aquarium.....	207
Low Salinity Quarantine / Hospital Aquarium.....	208
Why Do Fsh Get Sick?.....	209
Medicating Sick Or Wounded Fish.....	210
Sterilizing Aquarium And Equipment.....	211
 CHAPTER 8	 213
Maintaining Your Aquarium	213
Daily Duties.....	213
Water Change and Maintenance Equipment.....	216
Test Kits	216
15 Steps to Maintaining a Saltwater Aquarium.....	216
How Pros Clean Decorations So They Do Not Harm Fish!	228
 CHAPTER 9	 232
Taking Control Of Algae And Cyanobacteria.....	232
Controlling Algae with Lighting	232
Using A Refugium To Help Control Algae.....	234
RO Or Purified Water Helps Keep Algae In Check.....	235
Protein Skimmers Remove Organic Compounds That Can Feed Algae.....	235
Activated Filter Carbon Is Absorbent	236
Water Current Is Also Important In Algae Control.....	236

Phosphate Reactors And Resins	237
Overfeeding Can Cause Algae Problems	237
Chemical Warfare.....	238
Algae And Cyanobacteria Controls And Cures	238
CHAPTER 10	249
Fish Health and Diseases	249
Preventing Disease	250
Quarantine	251
Why Did My Fish Get Sick?	252
Diagnosing Disease	258
<i>Common names: Saltwater Ich and White spot disease,</i>	259
GLOSSARY	274
COMMON NAME TO SCIENTIFIC NAME	278
